

# **“FRAGILE X AND AUTISM-ASSOCIATED GENETIC CONDITIONS”**

**WEDNESDAY, JANUARY 21, 2026  
12 P.M. CST**

## PRESENTERS

### **Holly Harris, M.D.**

Assistant Professor, Pediatrics, Baylor College of Medicine, Texas Children's Hospital

### **Laura Buckner, M.Ed., L.P.C.**

Program Manager, University of Texas, Texas Center for Disability Studies and MOM

This webinar series is presented by Baylor College of Medicine, the University of Texas Center for Disability Studies, Texas Children's Hospital and the Department of State Health Services.

This webinar explores Fragile X Syndrome and other autism-associated genetic conditions, highlighting key clinical features, diagnostic distinctions, and emerging therapeutic approaches. Participants will also gain practical, strengths-based communication and sensory strategies to better support individuals with Fragile X and autism across settings.

Accreditation Statement: Texas Children's Hospital is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. This nursing continuing professional development activity awards 1.0 contact hour.

Additionally, The University of Texas at Austin Office of Professional Development in the School of Social Work is providing 1.0 social work continuing education credit. The Office of Professional Development at The University of Texas at Austin School of Social Work provides continuing education in accordance with the criteria and standards of the Texas Board of Social Workers, Licensed Professional Counselors, and Licensed Marriage and Family Therapists and Licensed Psychologists under Texas Administrative Code, Title 22, Part 34. § 781.509.
